Benefits of Fox Nuts (Makhana):-

Rich Source of Protein: Makhana is a plant-based source of protein, making it an excellent choice for vegetarians and vegans to meet their protein needs. Protein is essential for muscle repair, growth, and overall body function.

High in Antioxidants: Makhana contains antioxidants such as flavonoids and polyphenols, which help neutralize harmful free radicals in the body, reducing oxidative stress and lowering the risk of chronic diseases like cancer and heart disease.

Low in Calories: Makhana is low in calories and fat, making it a healthy snack option for those watching their weight. Its low calorie content combined with its high nutrient density makes it a satisfying yet guilt-free snack.

Rich in Fiber: Makhana is a good source of dietary fiber, which aids in digestion, promotes bowel regularity, and helps prevent constipation. Fiber also helps keep you feeling full for longer periods, reducing overall calorie intake and aiding in weight management.

Supports Heart Health: Makhana is cholesterol-free and low in saturated fat, making it heart-friendly. Regular consumption of Makhana may help lower cholesterol levels, reduce the risk of atherosclerosis, and improve overall heart health.

Regulates Blood Sugar Levels: Makhana has a low glycemic index, meaning it does not cause a rapid spike in blood sugar levels after consumption. This makes it a suitable snack option for individuals with diabetes or those looking to manage their blood sugar levels.

Boosts Immune Function: Makhana contains essential minerals like magnesium, potassium, and zinc, which play key roles in immune function. Consuming Makhana regularly may help strengthen the immune system and protect against infections and illnesses.

Promotes Bone Health: Makhana is a good source of calcium and phosphorus, essential minerals for maintaining strong and healthy bones. Including Makhana in your diet may help prevent osteoporosis and reduce the risk of bone fractures.

Anti-inflammatory Properties: Some compounds found in Makhana possess anti-inflammatory properties, which may help reduce inflammation in the body and alleviate symptoms of inflammatory conditions like arthritis and inflammatory bowel disease.

Versatile Culinary Ingredient: Makhana is incredibly versatile and can be incorporated into a wide range of dishes, both sweet and savory.

From snacks and desserts to curries and stir-fries, Makhana adds a unique texture and flavor to any recipe.

■ JAGGERY – INDIAN :

We **India Global Industries** is a prominent Jaggery Manufacturer, Jaggery Exporter, Jaggery Wholesaler Supplier located in Delhi India.

We are processors and packers of high quality natural Jaggery, which meets international standards.

Jaggery is a traditional accompaniment to Indian meals and is also used for preparation of various sweet dishes (instead of Sugar). It has a tremendous Medicinal importance.

Ayurveda has suggested Jaggery as a daily health, nutritional and supplementary food and have suggested Medicinal use of Jaggery to purify the blood, and as protective agent for lungs from polluted air, also regulates liver function and keeps the body healthy and strong from within. It is advised for all age groups.

Best variety and class of Jaggery is only cultivated and found in India. Jaggery is known for mesmerizing tastes; especially when it is Indian Jaggery! Indian Jaggery served by us is known for their highest quality and freshness that no other can assure. Well checked by international experts; our Indian Jaggery has been highly demanded in the global marketplace.

Our Jaggery is without synthetic! It doesn't contain sulfur dioxide, lime, phosphoric corrosive, blanching operators or any thickness reducers that are utilized as a part of making 'additional white jaggery' by generally makers.

Benefits of Jaggery :-

- * **Throat and voice problem can be solved by eating jaggery with cooked rice.**
- * **Asthma problem does not occur by eating jaggery and black sesame.**
- * **If cold is frozen then melt the jaggery and feed its crust.**
- * **Ear pain removes by eating jaggery and ghee.**
- * **Gas does not occur by eating jaggery after lunch/dinner.**
- * **Take 5 grams Saunth and 10 grams jaggery during jaundice. You will get relief.**
- * **Memory increase by eating jaggery halva.**
- * **Take 5 grams jaggery and mustard oil and eat it. You will get relief in respiratory disease.**
- * **Mixed jaggery in millet porridge and eat it. Your vision increases.**
- * **Sour burp can be removed by taking jaggery and rock salt.**
